OBJECTIVES

I'm looking for a job where I can earn money to support my schooling and daily needs, as well as practice my skills in the workplace and gain knowledge to improve my skills and learn new ones. I'd also like to meet people who can help me grow so that I can be more useful and reliable at work, as well as provide good and quality service. I want to gain work experience and become self-sufficient because both of my parents are struggling financially and I want to help them.
